1. Introduction

Welcome to the Radcliffe Department of Medicine Mentoring Scheme online platform. This guide is intended to give you the basic information you need to get started using the MentorNet mentoring system.

There are four main phases which are described in this document:

2. Getting an Account and Logging In

2.1. Getting an Account

There are two possible ways by which you get a MentorNet account, described below:

1. You are registering an existing mentoring relationship and your administrator has created the account for you

If this is the case then you will have received an automated email with your login details.

2. You 'self-register' on MentorNet

If you self-register then you should go to the following url, select the RDM Mentoring Scheme under the Program section and follow the self-registration process: https://oxforduni.sfgmentornet.com/User/Register?program=2&role=Coach/Mentor

Once you have submitted your self-registration, you will be sent a confirmation email with your account details and you then need to wait for an administrator to authorise your account. This normally takes 2-3 days and you will be sent another automated email once your account has been authorised. You can then login and access your account. Note you will not be able to access your account until the administrator has authorised your account and you have received the email to confirm.

2.2. Logging In

Once you have your login details (see above), you can log in to MentorNet as follows:

- 1. Open your web browser using any of the common browsers (e.g. Microsoft Internet Explorer, Google Chrome, Firefox).
- 2. Go to <u>https://oxforduni.sfgmentornet.com</u>. You will see the following login page:

- 3. Enter the username and password that you chose during the self-registration process, or which you were sent in the automated email.
- 4. The first time you log in, you will be asked to read and sign the Privacy Notice and Consent Agreement before you can access the system. These notices tell you what your rights are under data protection legislation; they explain how your personal data will be used and who you can contact if you want to

correct any mistakes or withdraw your consent. Nobody can access any of your personal data, and you cannot access MentorNet, until you have accepted the Privacy Notice and given your consent.

5. Once you have logged in, you will see a screen similar to the one below:

| SEARCH | PROFILE | MATCHES | EXPENSES | ACTIVITY LOG | DOCUMENTS/PHOTOS | QUESTIONNAIRE |
|-------------------|---|---|-------------------|-----------------------------|-----------------------------|---------------|
| PEOPLE | | | | | | |
| م | | David | Mentor | | | 🕲 in 🎡 |
| Alan Admin | | | WICH COI | | | |
| Alice Green | | am the student co nentoring question | | ns, as well as a mine of in | formation for any | |
| Amanda Jones | | 0.1 | , , | | | |
| Andrew B | | | | | | |
| | | | | | | Contact Info. |
| Claire Johnstone | | | | | | Contact Info. |
| | () User Profile | | | | | Contact Info. |
| Jennifer Campbell | | My N | larketing Company | Job Title | Marketing Director | Contact Info. |
| Jennifer Campbell | User Profile | My M Publi | | Job Title Age Band | Marketing Director 26-30 | Contact Info. |
| Jennifer Campbell | User Profile Name of Employer | Publi | shing | - | - | Contact Info. |
| Jennifer Campbell | (i) User Profile Name of Employer Industry Sector | Publi | shing years | Age Band | 26-30 | Contact Info. |

Any fields which have the padlock symbol (a) against them are 'private' fields – this data can be seen only by you and by administrators. Your mentee and other users cannot see this information.

6. Once you have logged in you should update your profile, as per the following section.

2.3. Smartphone Users

You can also access the MentorNet site through a smartphone. Just go to your standard smartphone browser and use the same url and user details as above (ie <u>https://oxforduni.sfgmentornet.com</u>. You may find it helpful to add a shortcut to MentorNet on your home page; if you're unsure how to do this then you'll find instructions for various types of smartphone under the User Guide Section of MentorNet at the bottom of the screen. Look for Chapter 11 of the document titled: "Setting up MentorNet on Smartphones".

3. Updating Your Profile

Once you have logged in you should update your profile. Most functions to edit your profile are available by clicking on the ^(a) icon on the top-right of your user profile screen – clicking on this icon will bring up the following drop-down list of options.

3.1. Changing Your Password

In order to keep your personal data secure, you should change your password to a secure password that only you know. Do this by selecting the "Change Password" option above. Passwords are required to be a minimum of 8 characters in length containing at least 1 uppercase character and 1 number.

3.2. Adding a Profile Photo

You should add a profile photo to make your profile more personal and to help others to identify you. Click on the "Edit Profile Image" and choose an image file to use. You can preview the image and crop/zoom the image to fit. Click "Upload Image" when you are happy with the image.

3.3. Editing your User Profile

If the administrator has created your account for you then you will probably need to add more information to fill out your profile. Or you may just want to edit information you have already added. Choose the "Edit Profile" option from the drop-down list above. This gives you the following headings:

| General | |
|--------------------|--|
| 3) Contact | |
| User Profile | |
| Mentoring Profile | |
| Skills & Expertise | |
| 3 Settings | |

You can expand each heading and edit the detail within.

3.4. Skills/Expertise

The **Skills/Expertise** section is used to help describe what skills you're able to offer your mentee during your mentoring relationship. The attributes you pick in this section are used to help find the most compatible matches for you.

| Skills & Expertise | | | | | | | |
|--|----------------------|----------------------------|-----------------------|------------------------|---------------|----|--|
| Management/Admin | Effective time manag | Difficulties at work | Career progression/pl | Building self confiden | | | |
| Work/life balance Ret | turning to work aft | anaging relationshi | | | | | |
| | Oxford University | Privacy Notice User Guid | le | | MentorNet | | |
| Select the options from the list which best describe what you bring as a mentor (we suggest 8-10). | | | | | | | |
| Click on the conto see a list of possible skills and experiences you can choose from. | | | | | | | |
| For each selected | attribute, click or | n Add to add | to your profile. | You can do this r | nultiple time | s. | |

| | | , | • |
|----------------------|-------------------|--------------------|--------|
| | | | |
| Save | | _ | |
| Don't forget to Save | when you have fin | ichad calacting/a | diting |
| | when you have hit | isheu selettilig/e | ulung. |

4. Matching

You, as the mentor, will be assigned a mentee by the administrator. When the administrator assigns you a mentee, you will receive an automated email giving you the name of your mentee. You will then be able to see the mentee's profile details the next time you log in to MentorNet. You can see the name of your mentee by clicking on the Matches tab – see below. Clicking on your mentee's name will take you to his/her user profile.

| PROFILE | MATCHES | EXPENSES | ACTIVITY LOG | DOCUMENTS/PHOTOS | QUESTIONNAIRE |
|----------------------|---------|----------|--------------|------------------|----------------|
| David Mentor | | | | | Assign Mentees |
| Current Relationship | DS | | | | |
| Linda Mentee | | | | | |

4.1. Defining Maximum Number of Mentees

MentorNet allows you to define a maximum number of mentees you are able to accept at any time, so that you can ensure you are not overloaded. To change this setting, edit your profile as described above, and open the "Setting" group:

| źć | 3 Settings | |
|---------|-------------------|--|
| Av V | ailable To Mentor | |
| M | aximum Mentees | |
| | 2 | |

You can choose your maximum number of mentees and you can also make yourself unavailable for mentoring. If your limit has been reached, or if you are 'unavailable' to mentor, then you will not appear in any search results during the matching process.

5. Developing your Mentoring Relationship

Once you have been matched, you will want to use MentorNet to develop your relationship with your mentee. Most of MentorNet should be fairly intuitive to use, but you may find the following features useful as you build and develop your mentoring relationship:

5.1. Home Page

If you ever get 'lost' in the system, clicking the Home Page icon, at the top right of the screen, will take you back to your user profile page.

5.2. Messaging

Messaging in MentorNet works in much the same way as messaging in most social media apps. The key difference is that you are assured of confidentiality and security within the MentorNet system.

To access your messages:

- 1. Click on the icon at the top right of the screen. The number highlighted in a blue background indicates if you have unread messages.
- 2. You will see a list of all the *conversations* you are having with other users. A 'conversation' is a list of all the messages with that user you have one conversation per user.

3. If you click on the conversation, you will see a list of all the messages with that user, and you are able to reply:

| 📮 David Mentor | | Back to Conversations |
|--|---|-------------------------------|
| Type your message here | | |
| | Press E | nter to Send Save Draft Reply |
| lease note, your message can be read by the system administrator a | nd may be moderated or edited if inappropriate content is found | |
| Linda Mentee Hi David, | | 11 Mar, 2:21 pn |
| Brilliant, many thanks. Talk on Monday. | | |
| Linda | | |
| David Mentor Hi Linda, | | 10 Mar, 2:19 pn |
| I've had a quick look and it looks very impressive. Le | t's discuss it during our call on Monday. | |
| David | | |
| | | |

Notes:

- You are able to type a draft message, save the draft, and return to it at a later date without sending it
- Remember you can send/receive messages on your mobile device (see above for instructions on how to setup MentorNet on your phone)
- You will receive email notifications when you receive a new message. Email notifications can be configured so that you can change the frequency of the notifications.

5.3. Activity Logs

We suggest you to keep records of meetings/conversations you have with your mentee. You can do this in MentorNet by creating an 'Activity Log'. Sometimes you, the mentor, will complete the activity log and sometimes your mentee will do this – this depends on the dynamic of your relationship.

To view an existing Activity Log:

- 1. Firstly, make sure you are looking at your mentee's profile (not your own). If you are on your own profile then any activity logs created will be about you, not about your mentee. To create an activity log about a specific mentee, you must start from that mentee's profile.
- 2. Go to your mentee's profile and click on the **Activity Log** tab:

| | PROFILE | MATCHES | ACTIVITY LOG | DOCUMENTS/PHOTOS | QUESTIONNAIRE | | |
|---|--------------------------|---------|--------------|------------------|------------------|--------|--------------|
| | | | | | | | |
| | | | | Meeting | Summary - Simple | | Add Activity |
| | Туре | | Date | \$ Inp | ut By | Action | 15 \$ |
| z | Meeting Summary - Simple | 2 | 13/07/2 | D17 Linc | la Mentee | | 0 |

- 4. You will see a list of any activity logs that have already been created and you have the option to add a new activity.
- 5. You can view/edit an existing activity log by clicking on the pencil () icon at the far right of the activity log entry.

To create a new Activity Log:

- 1. Your administrator will have set up multiple templates for different meeting purposes; select the appropriate template from the drop-down list and click "Add Activity".
- 2. An example of a simple Activity Log template is as follows:

| nput By | About | Created Date |
|-------------------|--------------|---------------------|
| Linda Mentee | Linda Mentee | 08/11/2017 11:27:45 |
| Date of Meeting | | |
| | | |
| | | |
| | | |
| ype of Meeting | | |
| | | |
| 6 1 1 | | |
| ummary of Meeting | | |
| | | ^ |
| | | |
| | | \sim |

5.4. Sharing Documents

You may want to share documents with your mentor, perhaps so that they can review the document and you can discuss it at your next meeting.

To upload and share documents:

- 1. Firstly, make sure you are looking at your mentee's profile (not your own). If you are on your own profile then any documents uploaded will be for you, not for your mentee, and your mentee will not be able to see them. To upload a document to be shared with a specific mentee, you must start from that mentee's profile.
- 2. Go to your mentee's profile and click on the **Documents/Photos** tab:

| PROFILE | MATCHES | ACTIVITY LOG | DOCUMENTS/PHOTOS | QUESTIONNAIRE | |
|-----------------------------|---------|--------------|---------------------|---------------|-------------|
| Linda Mentee | | | | | Upload File |
| Documents | | | | | |
| Name | | | Upload Date | | |
| CV - Linda Mentee.docx | | | 22/05/2012 13:26:01 | | |
| Training Course Certificate | .pdf | | 22/05/2012 13:26:12 | | |

3. You will see a list of any documents (and photos) that you have already uploaded and you can add new documents by clicking "Upload File".

Note: Documents uploaded here can be viewed only by you, your mentee, and administrators.

5.5. Questionnaires

Once your mentoring relationship has concluded, we would kindly ask you and your mentee to complete an exit questionnaire available under the 'Evaluation' tab. The information collected will not only help us to improve the mentoring scheme and document the benefits to both mentors and mentees but also contribute to the RDM Athena Swan's Action Plan.

5.6. Resources

MentorNet has a 'Resources' section where you can find documents that your administrator has made available to you. These might be training materials, articles, templates, best practice documents, policies, etc.

You can access these by clicking on the "Resources" heading on the left-hand side.

6. Common Problems

6.1. General

If you have any problems or questions about the mentoring programme or about use of the MentorNet system, you should contact your administrator on <u>mentoring@rdm.ox.ac.uk</u>.

6.2. Unable to Log In

If you cannot login to your account, the most likely reason is that your username or password is incorrect, or your account has been locked. For example, if you enter your password incorrectly 5 times then your account will be locked and you will need to ask the Administrator to unlock your account.

If you cannot log in then check you are using the right username and double-check your password is correct (check caps lock is off and check any upper/lower case characters – sometimes a lower case "L" can look like the number "1" or the letter "I"). If you still cannot get logged in then contact your administrator.

6.3. Forgotten Password

If you forget your password, click on the "Forgotten Password?" link on the Login page. You will be asked to enter your username and to confirm the email address held within the system. A new password will then be sent to the email address registered within MentorNet. If this is the incorrect email address then you will need to ask an administrator to reset your password.

6.4. Not Receiving Automated Emails

If you aren't receiving any of the automated emails, the most likely reason is that they are going into your spam/junk folder.

Check the following:

- 1. Check the email address on your user profile is correct
- 2. Check your spam/junk folders
- 3. Check your Notification settings
